

ANTICALCARE

Description:

This scale remover has been studied especially for being used in hydro-cleaner, with warm or cold water. It prevents the formation of scales: this means cleaner pipes and a better heat exchange in the machine.

Directions for use:

In automatic car wash installation with dosing pump use preferably as is, and set on the doses to 4gr of product per car, according to the car wash installation and to its conditions of use (speed, chain, type of installation –tunnel or portal-, temperature).

Remarks:

Please follow the instructions on the safety data sheet for the safe handling of the product.

Technical characteristics:

Appearance and color: liquid colored clear yellow

Smell: characteristic

pH: 13.56

Flash point: >100°C

Relative density: 1,1365 g/cm³

Solubility in water: soluble

Lipid solubility: not soluble
