

## LUSTRAYACHT 750ML

### **Description:**

Lustrayacht by Fra-Ber is an innovative water-repellent system that lets water and dirt slide away on fabrics in ski and PVC on rubber dinghies, tenders and any kind of boat. By preventing them from adhering to fabrics, it makes it easier to wash and store your boat in winter, saving a considerable amount of time. Its formula provides extra protection for surfaces by protecting them from saline mist, acid rain, bird droppings, sun cream or tanning oil.

### **Directions for use:**

Evenly apply on clean surfaces, wait 5 minutes and rub with circular movements until fully absorbed.

### **Warnings:**

To handle the product follow the precautionary advice on the safety data sheet.

### **Technical Features:**

Appearance and colour: white liquid

Odour: characteristic

pH: 4,72

Flash point: >100°C

Relative density: 0,98 g/cm<sup>3</sup>

Solubility in water: soluble

### **Storage:**

Unopened and stored at room temperature away from direct sunlight.

### **Packaging:**
