

X-TEX

Description:

Oil and water-repellent product for leather and textiles (car seats, sun shades, camping tents), carpeting, shoes. The product is ready for use, dries quickly and penetrates deep down into fibres, resisting UV rays and maintaining its effect over time. It preserves colors, breathability and natural features of the surface.

Directions for use:

Apply on a completely clean and dry surface. Evenly spray plenty of product on the surface and let it dry completely. The recommended dose is 10-15 ml/sqm. The dose may vary based on the surface's absorbing power.

Whashing: its effects withstand washing about 5 cycles. Do not use excessively alkaline products and with temperatures exceeding 40°C.

Warnings:

To handle the product follow the precautionary advice on the safety data sheet.

Technical Features:

Appearance and colour: Clear liquid

Odour: characteristic

pH: 7,27

Flash point: <21°C

Relative density: 0,79 g/cm³

Solubility in water: soluble

Lipid solubility: partially soluble

Storage:

Unopened and stored at room temperature away from direct sunlight.

Packaging

1 L BOTTLE + 30 ml dispenser cap (6 cps)
JERRY CAN 5 Kg
