

IDRA SAFE WATER

Description:

The combination of emulsifying and protective substances preserves skin against: weak acids, alkalis, watery solutions, cutting oil, water-based coloring agents, salts, detergents, cement, lime, water-based paint.

Directions for use:

Apply Idra Safe Water onto hands and spread thoroughly. Include over and under your nails, as well as areas between your fingers. Thoroughly apply the lotion on areas particularly subject to exposure. To ensure enough protection, apply lotion before carrying out the job and after every break. Wait until absorbed before starting the job.

Benefits:

- Prevents skin damage caused by occlusive work clothing and contact with water.
- Promotes skin regeneration.
- Does not leave hands feeling greasy.

Warnings:

To handle the product follow the precautionary advice on the safety data sheet.
